Summer Greeting Card 2022

In light of the Japanese-inspired setting, I gathered the supernatural and fairy-tale characters into a fantastical troupe. Sacasa from "The Wicked King and the Noble Hero" is here as well, dressed as a monster from the series. What a natural feeling...

Illustrated by **Sayaka Oda**

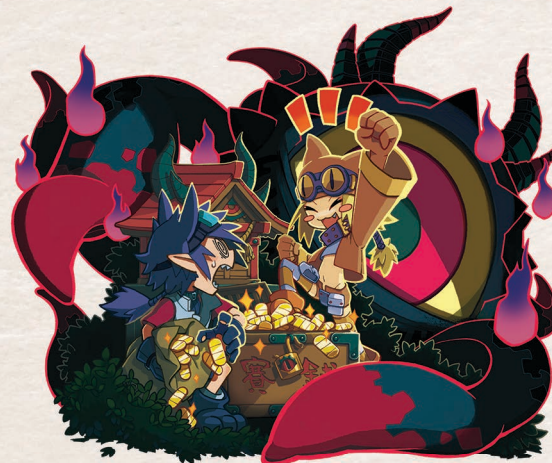

This is the first time since Disgaea 3 that the female Gunslinger is playable! Her boyish face contrasts with her full figure. I hope you'll enjoy all the other new 3D characters, too!

Illustrated by **Mio Katsumata**

I like to level the female Thief and Slumber Cat when I play, so I was really happy I could draw these two. The Magician and Big Eye are cute, too! I based this on a sketch by Sayaka Oda, making this an Oda/Furuya collaboration. A big thanks to her!

Illustrated by **Masayuki Furuya**

Do people at NIS like the Big Eye a little too much...? It's so funny how everyone drew this character right away.
